ABOUT

I am a dedicated and results-driven educator with over two years of teaching experience at Pathcreator, one of the most prestigious coaching institutes in the Behala region. Specializing in Psychology, Science, Mathematics, General Knowledge (GK), and General Studies (GS), I have successfully prepared students for competitive exams and school-level board exams, ensuring academic excellence and skill development.

My teaching philosophy centers on creating an engaging, inclusive, and student-focused environment that fosters learning, critical thinking, and curiosity. I possess exceptional interpersonal and classroom management skills, enabling me to build strong relationships with students and effectively address diverse learning needs.

Key Skills:

- Expertise in delivering curriculum for competitive exams and school boards.
- Strong classroom management and student engagement techniques.
- Effective communication, mentoring, and motivational skills.
- Adept at simplifying complex concepts and adapting teaching strategies to individual learning styles.
- Strong analytical, problem-solving, and time-management skills.
- Proficient in utilizing modern teaching aids and technology to enhance learning outcomes.
- Skilled in curriculum planning, lesson delivery, and student progress assessment.
